

# Unique Villa Packages

4 Days | 3 nights

Italian villas have attracted visitors since Roman times as self-sufficient farms where wealthy Romans could escape the cities. According to Pliny the Elder, there were two types of villa: the *villa urbana*, easily reached from Rome, and the *villa rustica* or farm-house estate, both staffed by servants who produced wine and olive oil and other agricultural products while focusing on maintaining a villa that was only seasonally occupied. These two charming villas continue these traditions, offering authentic experiences in keeping with this long history.
